

Adding Audience And Product Info Your Product Creation Prompt

1. Start with "Prompt 1: About The Juice & 10-Day Cleanse Prompt"

The screenshot shows a Google Docs interface with the title "10-Day Cleanse #7: 10-Day Cleanse Prompts". The document content includes:

- You'll be running them one at a time.
- Prompt 1 generates your Juice recipe and 10-day cleanse
 - Prompt 2 generates the supplementary chapters for the guide
- Prompt 1: About The Juice & 10-Day Cleanse Prompt**

Below the prompts, there is a green box labeled "PROMPT" containing the following text:

We are going to create a 10-day cleanse. It will be similar to a juice cleanse or raw food cleanse.

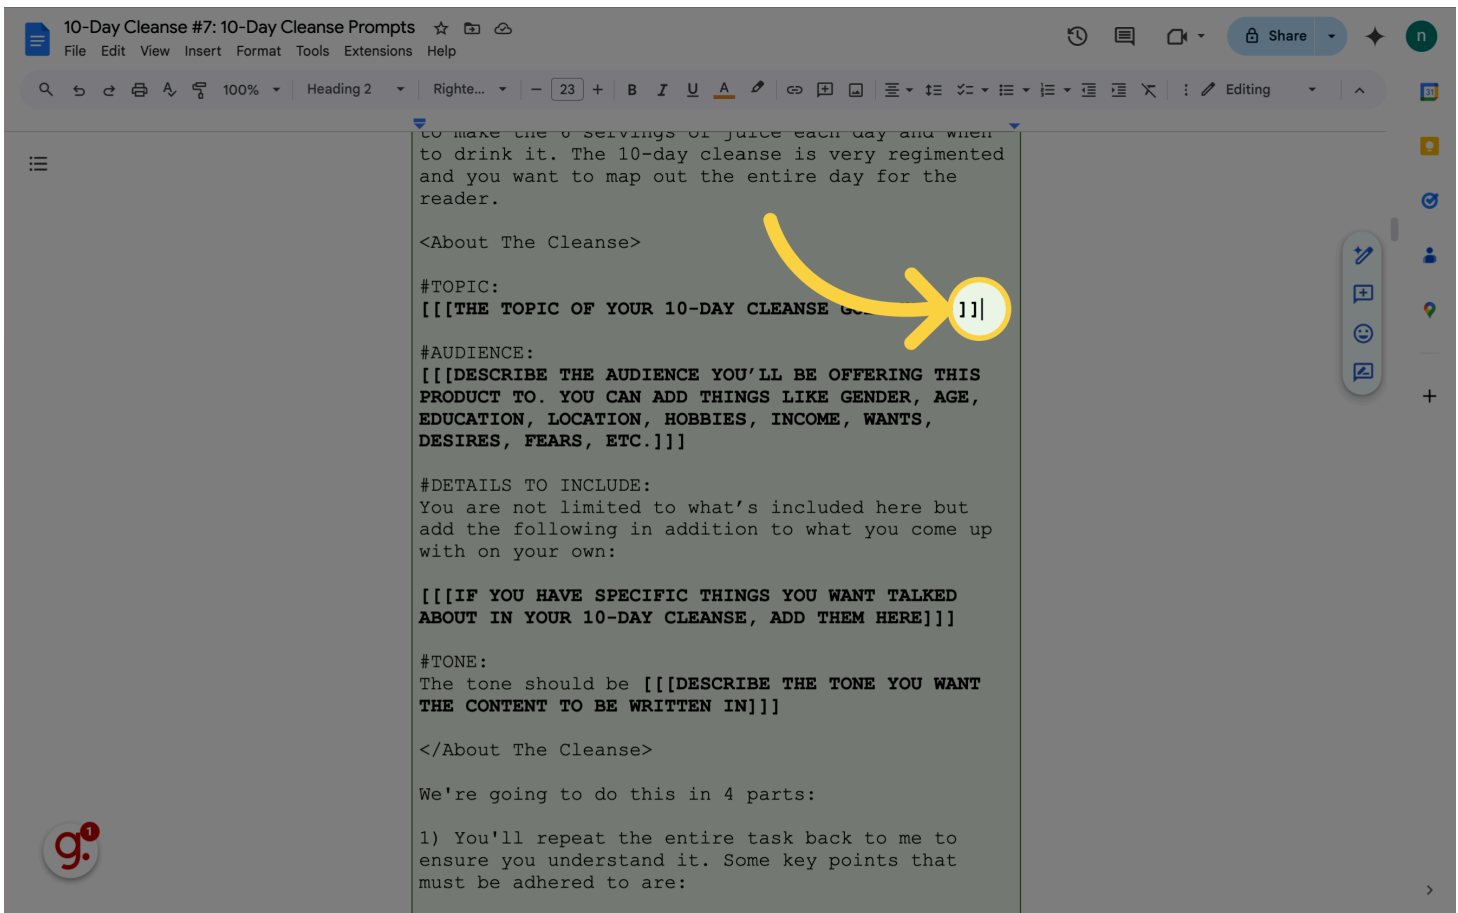

The purpose of the cleanse is to improve every aspect of your life. That means it should improve more than your health. The 10-day cleanse can improve your mental focus, inner strength, productivity, and more.

The cleanse is liquid only and made up of fruit and vegetable juices as well as healthy non-animal based fats.

You're going to be creating a specialized cleanse.

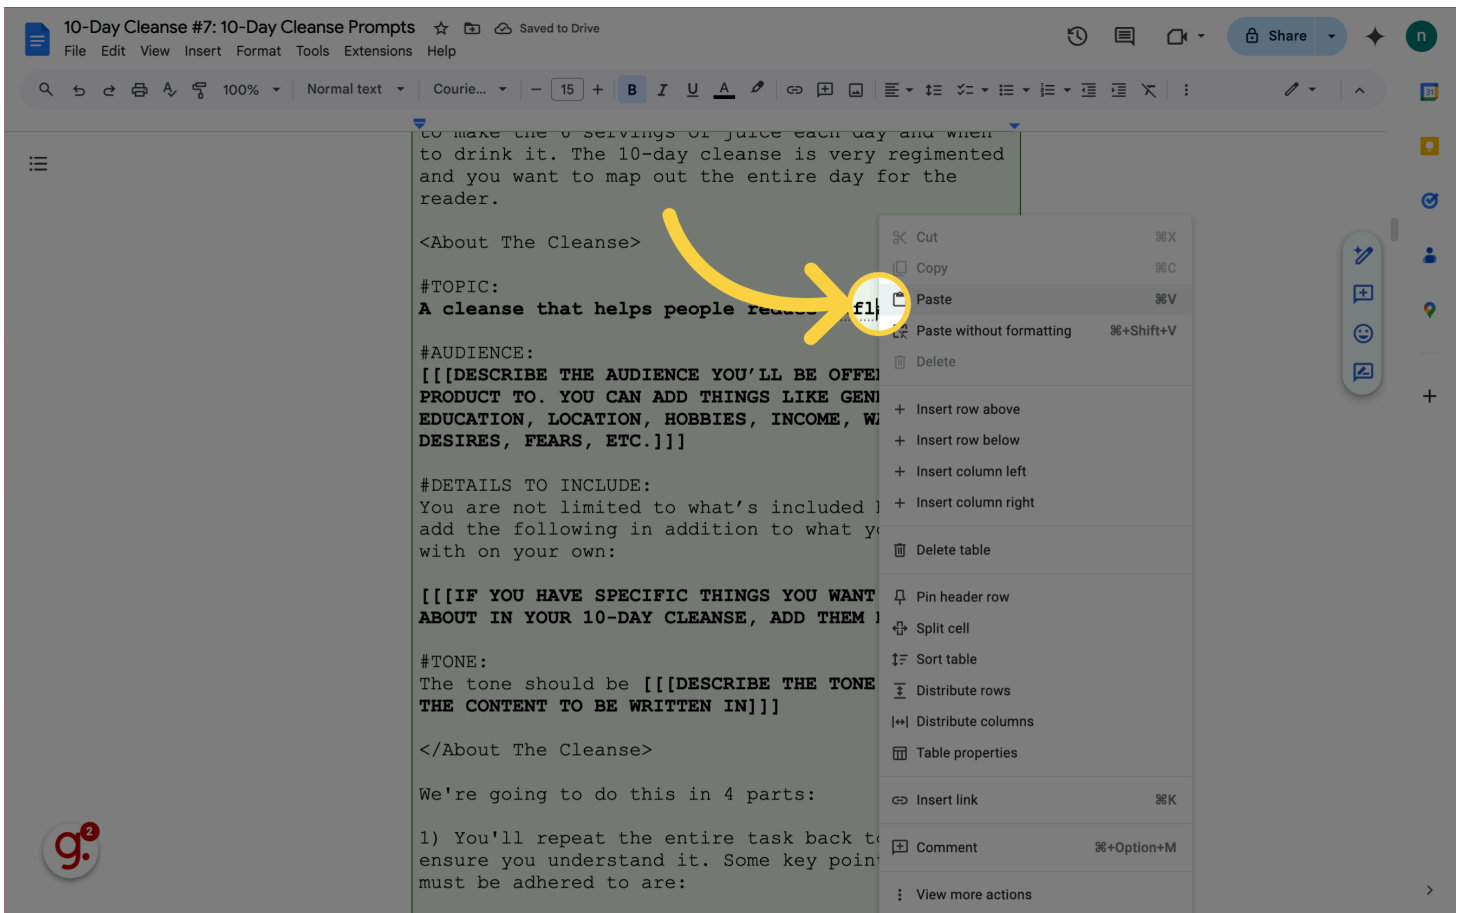

The type of juice you suggest will vary depending on the topic of the cleanse found in the "About The Cleanse" section below. Make sure all the things you tell the reader do help them achieve the goal of the cleanse. For example, if the you

2. Scroll to the section of the prompt

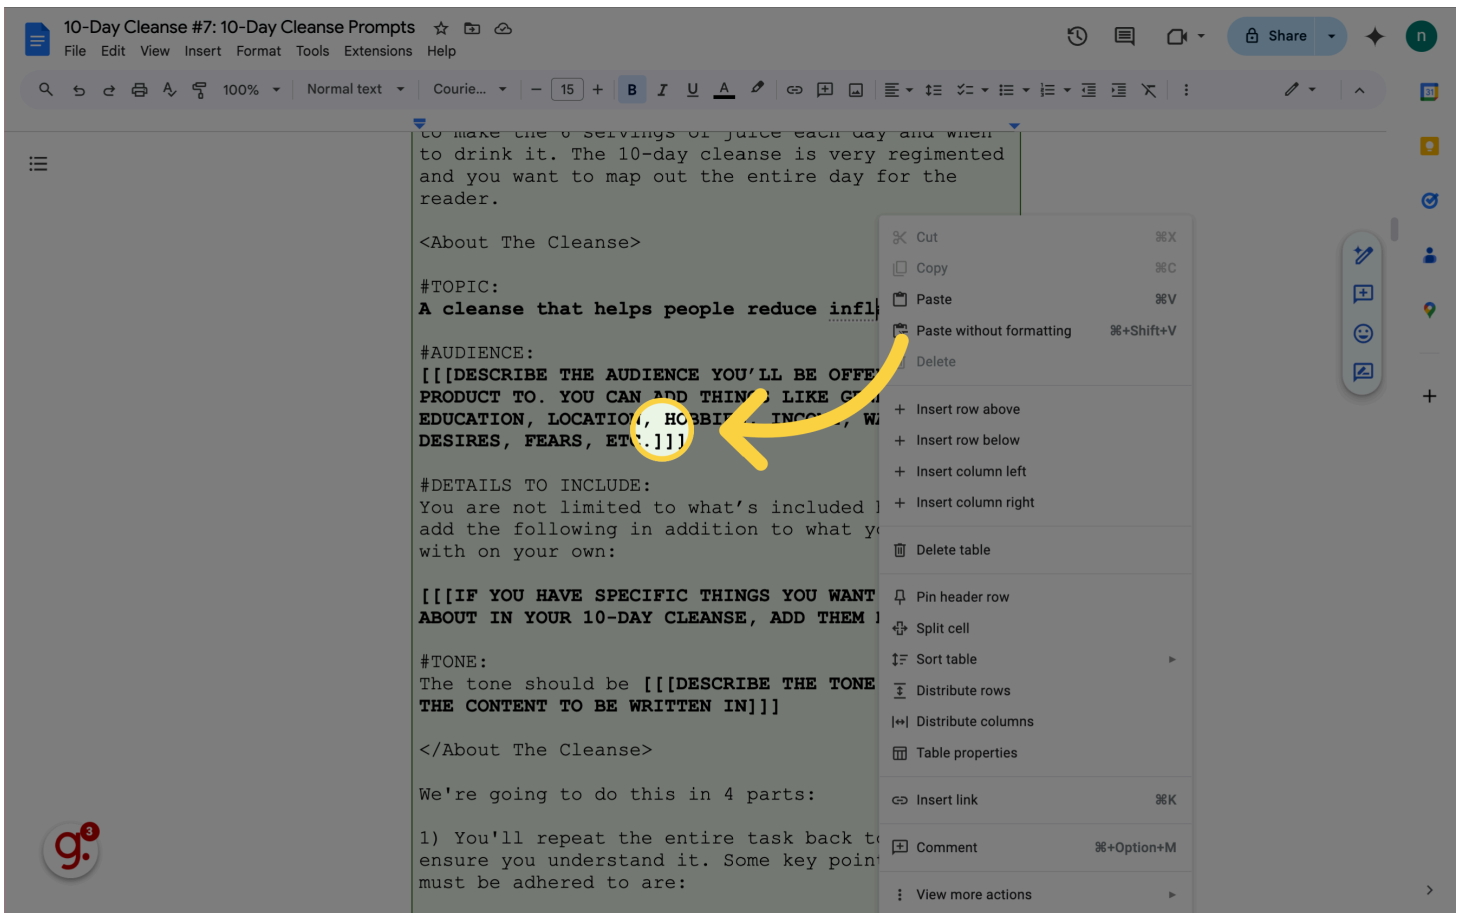

3. First we'll add our topic under the #TOPIC: part of the prompt

Our topic is "A cleanse that helps people reduce inflammation."

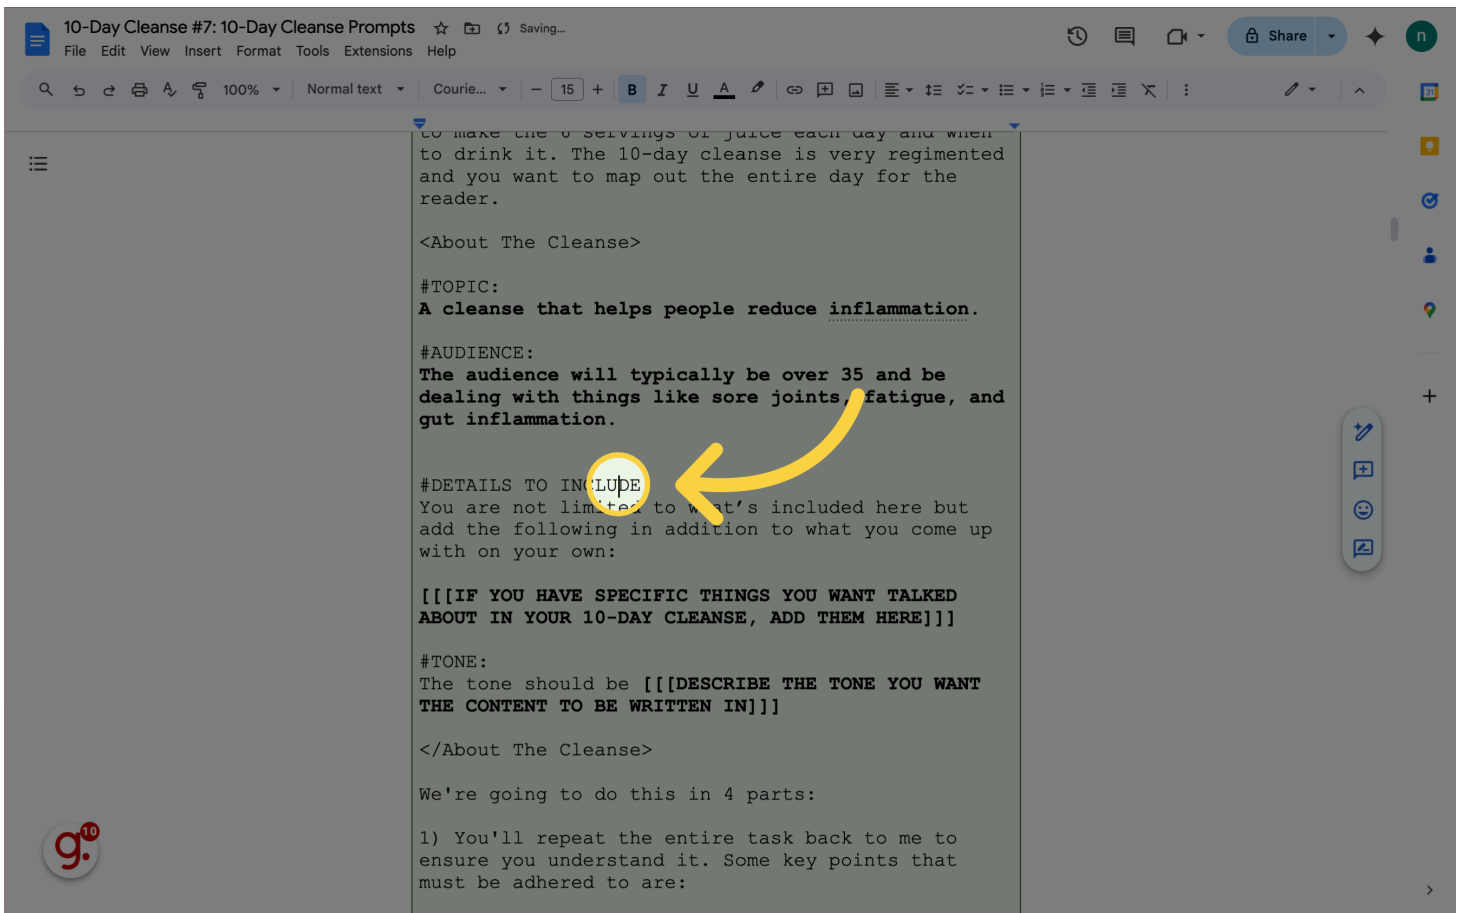

4. Next we'll add our audience info under the #AUDIENCE: part of the prompt

Our audience info for this product is "The audience will typically be over 35 and be dealing with things like sore joints, fatigue, and gut inflammation that."

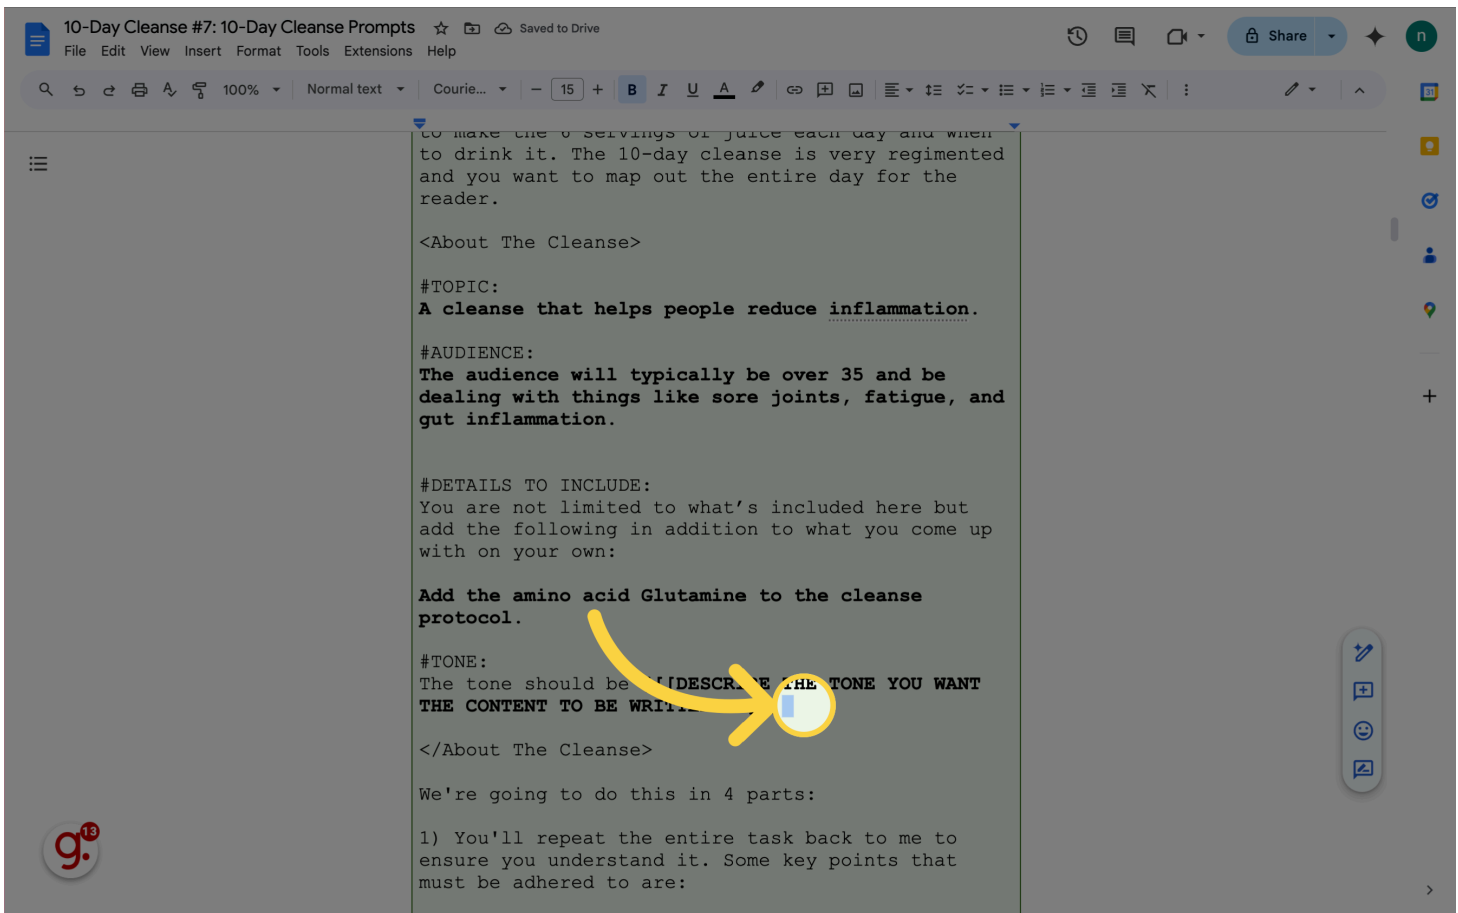

5. Next we'll tell the prompt some specific details we want added to our cleanse in the #DETAILS TO INCLUDE: part of the prompt

We told the prompt to "Add the amino acid Glutamine to the cleanse protocol."

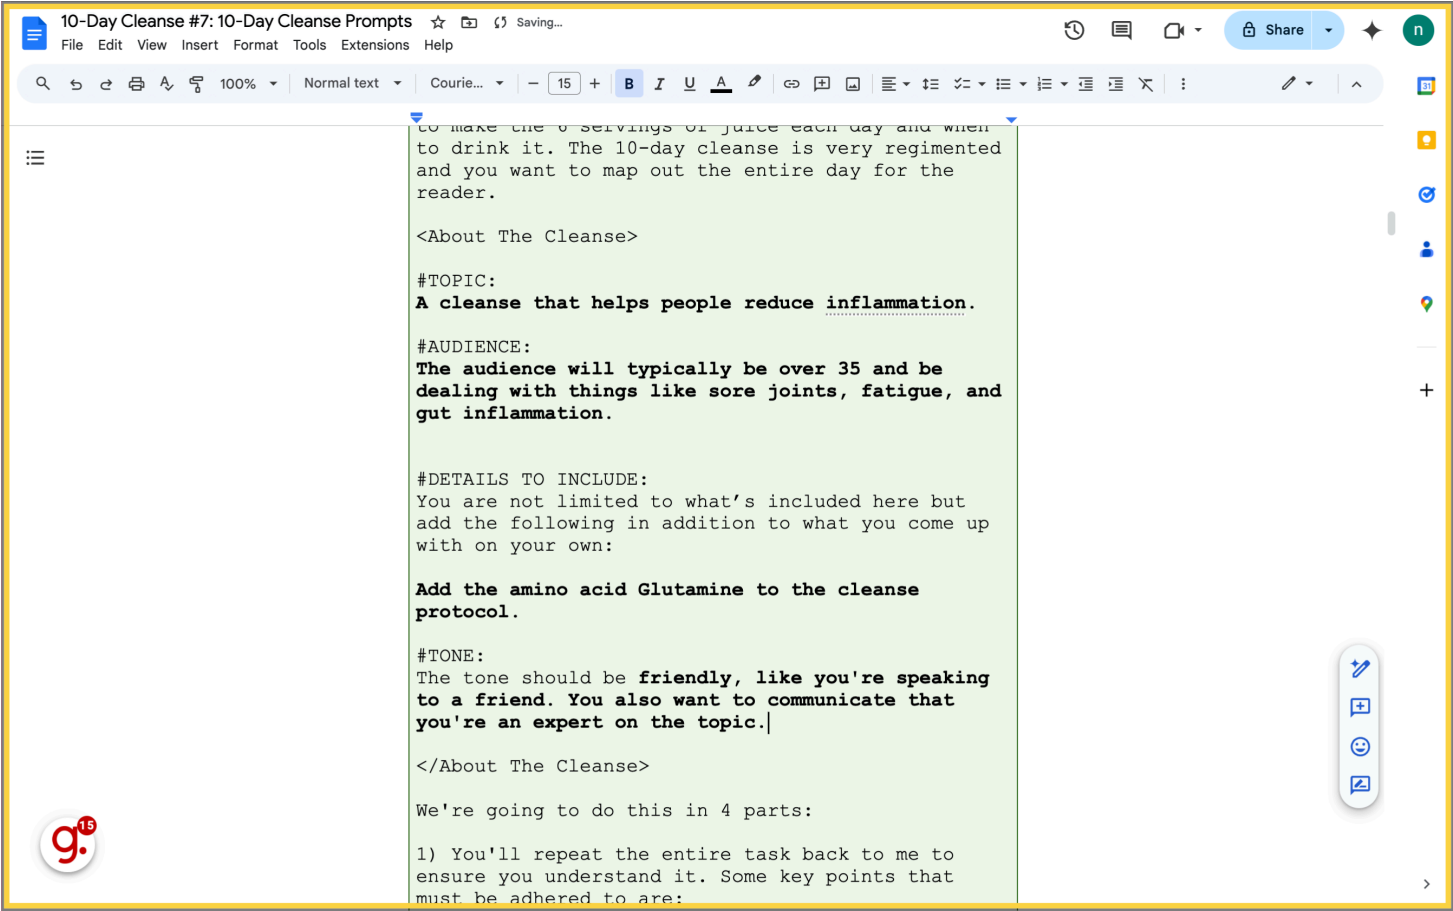

6. Lastly, we'll tell the prompt the tone we want the cleanse written in under the #TONE: part of the prompt

The tone we'll use is "friendly, like you're speaking to a friend. You also want to communicate that you're an expert on the topic."

7. This prompt is ready to run! Copy and paste the entire prompt in your favorite A.I. LLM tool such as ChatGTP or Claude and it will generate a cleanse that helps people reduce inflammation.

This guide demonstrates how to input audience and product information into an AI prompt within Google Docs, enabling the customization of info-products for enhanced personalization and relevance.
